

## Wild Thyme 45ft Cruiser Stern

**Price: £49,995**

### Description

Wild Thyme is a rare narrowboat in that from new she has had just one owner who has loved and cherished her. Indeed, she had a full professional repaint in 2016. She has the uprated 38hp Isuzu engine, which will cruise on both rivers and canals with power to spare. Also comes with long BSS certification. As she has had minimal use since before and during the COVID-19 pandemic she needs a little TLC. She will then be ready to provide her new owners with many more years of trouble-free cruising. Rarely available combination of 45ft cruiser stern plus fixed double bed yet ample living space for "high days & holidays" Wild Thyme is one not to be missed!
